Dear Commissioner

## **SOUTH AUSTRALIA'S REGULATORY FRAMEWORK INQUIRY**

I refer to the South Australia's Regulatory Framework Inquiry draft Report published on 5 August 2021.

SafeWork SA have considered the draft Report and support the recommendations proposed in the Report.

SafeWork SA is in a position to easily adapt the recommendations following a strong focus of our Reform Program on improving our regulatory functions and performance. Some areas of focus in the draft Report are already being considered by SafeWork SA to assisting in creating a more transparent and accountable regulator.

The Reform Program continues to provide opportunities for future improvement and is well placed to incorporate and prioritise areas that are addressed by the recommendations contained in the draft Report.

I look forward to receiving the final copy of the Inquiry Report.

Yours sincerely
